- Chip clips
- Can opener
- Hand vacuum and cleaning wipes
- Mirror
- Small succulents and plants
- Kleenex and napkins
- Air freshener
- Basic first aid kit
- Umbrella
- Coffee machine
- Blender
- Electric water/tea kettle
- Fan
- Crockpot
- Air fryer (must have auto shut off, can't be 2-in-1 option)

Community advisors are like an older sibling — they know the way, and they want you to have fun all while being safe. Every residence hall has live-in community advisors, usually a junior or senior at Doane.

They provide materials, resources that are relevant to the way

How do I make my room feel like home?

Living on campus and away from home can be nerve wracking and exciting. You'll form relationships that last a lifetime and have a community that is ready to support you!

How do I make my room feel like home?

Make it you and make it unique! Bring pictures from home, cozy items and positive reminders that will allow you to feel comfortable and confident in your space.

How do I get involved on campus?

You'll expand your horizons and meet people outside of the classroom! It's not only convenient and saves you time, but you also have access to additional resources, can easily support other students and go to events, all while exploring what it means to be independent!

All students have access to the same support and resources. Living on campus means it's that much easier and quicker to meet with the staff who'll make your

Students have free, confidential and unlimited access to counseling services provided by three counselors on our Crete campus.

Our on-campus nurse practitioner can diagnose, prescribe medications (including free OTC medication) and provide services like allergy shots, immunizations and vaccines, as needed. Testing for influenza, COVID, mono and strep are no extra cost to the student.

The public safety office is open 24/7 and provides immediate support and action — whether you're locked out of the room or need help with a more serious situation or time of crisis.

Community Directors are live-in professional staff who support community advisors and residents in any and all areas needed. One community director is on duty 24/7 on a rotating basis.

Additionally, your room comes with safety equipment that must never be tampered with including smoke detectors and sprinkler systems. As a member of the Doane ResLife community, you also play an important role in maintaining the safety of our community:

- All entry and exit doors should remain closed at all times.
- Use your digital Doane ID (your phone) to access your specific building. Do not allow others to follow you inside.
- Keep your room locked at all times.

CAPE promotes healthy communication, relationships and sexual behavior across campus and the community.

Their goal is to increase trauma-informed networks of support for survivors of interpersonal violence while decreasing incidents of sexual assault, dating/domestic violence, and stalking through prevention and education programs.

Our ASC staff helps students with note-taking, time management and goal-setting skills. Writing assistance and testing services are also available.

Testing

- > Students looking to improve their exam performance can request an exam analysis. Our staff helps students see why errors were made and then develops a study plan for the future. Our staff can also help students prepare for graduate or professional school entrance exams (e.g., GRE, PPST, CMEE, LSAT, GMAT, etc.).

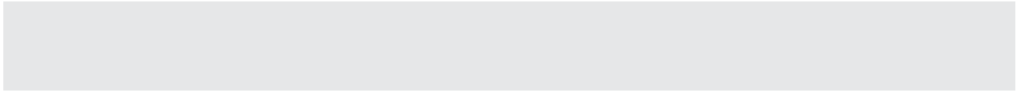

Writing

- > Students at any stage in the writing process can receive input and help on their academic, professional or creative writing at our Writing Center.

The CLS team works hands-on with students to set them up for success in internships, careers and service opportunities during and after their time at Doane. They help students navigate the job search, provide feedback on resumes and develop students into leaders who impact their communities.

s. t. ~

Do I have to live on campus?

Students are required to live on the Crete campus all four years unless they meet particular exception criteria that permit them to move off campus. Only the Office of Residential Life and Education can grant off-campus approval.

Can I have an alcohol-tolerant room?

Residents who are 21 or older can apply to have an alcohol-tolerant room if everyone in that room is of age. Upon approval from the Director of Health & Wellness, alcohol-tolerant rooms may have beer and wine. Hard liquor is never permitted on campus.

Do I need to purchase insurance?

No. We urge each student to purchase some form of insurance, whether it be renter's insurance or a rider on their parent's homeowner's insurance. The University is not liable for theft, damage or loss of personal property from any part of the residence hall.

Can I be a part-time student?

When classes are not in session (
